

TOWN OF LOCKPORT ELECTRONIC RECYCLING SHED

New York passed The Electronic Equipment Recycling and Refuse Act. In 2015, it became unlawful for residential households in New York to place equipment at the curb for disposal.

New York State law requires manufacturers to take responsibility for recycling many types of electronic equipment they have produced. Like so many laws that are passed without the necessary thought as to the effects of each law, many of the required companies do not have a program in place yet to accept the electronic waste.

As a stop gap measure until these companies develop their electronic waste programs, the Town has reopened our electronic waste shed behind Town Hall on Dysinger Road. However, recycling electronics costs the town up to 9 cents a pound. Since we are not charging a fee for this service, we are limiting usage strictly to **Town of Lockport Residents** (please be prepared to show ID).

The hours of operation for the Town of Lockport Recycling Shed are: The last Saturday of each month, 9:00 AM – 1:00 PM, March through November. NO after hour drop-offs will be permitted. Cameras are in place to protect and enforce the program.

ACCEPTABLE ELECTRONIC RECYCLING LIST
